VOTING A PROVISIONAL BALLOT

What is a Provisional Ballot? (F.S. 101.048)

Provisional ballots provide a safeguard to voters whose eligibility is in question. Provisional ballots may be issued at polling precincts on Election Day or at early voting sites.

Some reasons for issuing a provisional ballot:

- Voter does not show photo and signature ID when voting.
- Voter’s eligibility status is in question.
- A challenge has been made about the eligibility of a voter.

Provisional ballots are sealed in a special envelope and kept separate from regular ballots. The county canvassing board is responsible for examining the provisional ballot envelope and making a determination as to the voter’s eligibility.
HOW TO MARK YOUR CITRUS COUNTY BALLOT

Citrus County uses a DS200 voting machine to count your ballot. This is an optical scan system with a paper ballot. You must completely fill in the oval for your ballot to be read correctly. Any other mark may not be read by the scanner.

USE A BLACK PEN.

TO MARK YOUR BALLOT CORRECTLY, FILL IN THE OVAL NEXT TO YOUR CHOICE.
